

A presentation of **Gallowglass Academy, Inc.**

Whatever else you do....

do NOT go home to Momma!

According to TV, criminal investigation seems to be all **Roadblocks, Hot Pursuit, and Shootouts** (oh, my!).... But that's not the whole story behind catching the **Bad Guys** in the real world, of course. There are many other steps in addition to **Getting That Hot Tip** and **Kicking In The Door**.

So here's the set-up: Someone convicted of a crime has decided not to show up for his sentencing date. He is now officially a **Fugitive**.

The rest of us - **Writers** of thrillers and mysteries, **Fans** of True Crime, and Interested **Others** - will form up the **Armchair Task Force** to track down the **Bad Guy**.

Join us for a lively, interactive 2-hour exploration of the intricacies of criminal investigation and fugitive retrieval from the Federal perspective.

2pm, Sunday, February 23
The Red Lion Pub (upstairs)
2446 N. Lincoln (773-348-2695)
Admission at the door \$5.00

Workshop Leader **C. Allen Reed** has 20 years experience in pest control, including criminal investigation and law enforcement.
